

Let us help you avoid costly disputes

Our dispute resolution health check can identify and remedy potential issues that could cause you a problem in the future.

We know that disputes can be time consuming, expensive and distract you from more important things.

Unlike many other law firms, our goal is to support you in maximising your positive impact, including by helping you spot potential problems and avoid disputes arising in the first place, allowing you to stay focused on your mission.

We prioritise positive impact, not just profit. And that's not just a marketing slogan: as the first law firm to register as a B Corp, the 'triple bottom line' of people, planet and profit is written into our constitution. This means that our commitment to making a positive impact on our clients and communities is just as important to us as making a profit.

The pandemic has presented a seemingly endless list of novel and complicated challenges to senior leaders at organisations across the country. We know that when you're spending your time firefighting, it can be difficult to find the time to turn your attention to projects that really do make a difference.

We believe that finding and building a relationship with an experienced and commercially savvy dispute resolution team is invaluable. The Bates Wells team help values-driven organisations to identify potential legal issues and deal with them before they become a more costly problem.

We're so confident we can add value, we'd like to offer you our **free dispute resolution health check**, tailored to your organisation, where we help identify and suggest steps to mitigate any potential issues. Simply put, spend an hour of your time with us now to avoid potentially more damaging issues arising in the future.

If you'd like to find out more, just get in touch on the direct telephone numbers below or email us at DRhealthcheck@bateswells.co.uk

Winners of **Litigation Team of the Year** at *The Lawyer Awards 2021*.

Read our *Impact Report 2021*, the story so far: extraordinary times, amazing people

Making a profit is core to all businesses but our goal is to combine this with a real social purpose. Our values are pivotal to us, they shape our decisions and the way we live and work.

We focus on positive social impact as much as we focus on being a successful law firm. Our top tier legal advice is coupled with a real desire to drive change and we were the first UK law firm to achieve B Corp certification, awarded to businesses that balance purpose and profit.

Today, our clients are diverse – from corporate household names, to public bodies, to start-ups. We're also the firm of choice for thousands of charities and social enterprises. We continue to lead the market we helped to shape.

Bates Wells challenges what is possible in legal expertise delivery.
